25TH JULY 2025

THE BEIT TRUST

SLUDLOW

NEWLANDS

HARARE

Dear Sir/Madam,

RE: 7305 MPUNDE DAY SECONDARY SCHOOL – THE IMPACT OF BEIT TRUST GRANT ON MPUNDE DAY SECONDARY SCHOOL.

We are pleased to inform you about the impact of Beit Trust grant on our school and the Mpunde community. We received the total grant of forty thousand Great British Pounds (£40,000) from July 2024 to April 2025. The grant was used to construct three standard staff houses. The following are the benefits which the school and the Mpunde community have enjoyed as the result of this grant generously given to us:

1. In the process of construction, the local community was able to be employed by the contractor to work as helpers and brick layers. This was a great benefit to them as they were able to provide for their families.
2. The three standard staff houses that were constructed have increased teacher- staffing levels in the school. Three more teachers have been accommodated resulting in the increase in staffing levels.
3. As the result of an increase in the number of houses and the teachers, some subjects that were badly affected as the result of having no teachers, have now been catered for. Learners are now learning without problems.
4. The grant has greatly created motivation to teachers who have been accommodated in nice houses. The teachers are happily working because they are staying within the school.
5. The Beit Trust constructed houses look very nice. The school environment is now looking beautiful.

We can only once again ask God Almighty to bless you people and ask that you continue helping the needy all over the world.

Yours sincerely,

F SR. MUBANGA FLORENCE
HEAD TEACHER.
