

FINAL FINANCIAL REPORT FOR BM 7387 MUMBEZHI HOLY FAMILY MISSION RURAL HEALTH FACILITY ZAMBIA.

INTRODUCTION

Mumbezhi Holy Family mission facility is a faith based facility under the leadership of Bishop of solwezi Diocese being managed by sisters of the child Jesus. It's situated in the North western part of Zambia. And solwezi being its provincial town. It's about 693km from Lusaka to Holy Family mission along mwinilunga road. From the provincial town is about 120km. its geographical coordinates Latitude:-12.2607181 Longitudes: 25.5983521.

I'm writing to express my sincere gratitude for considering our request for funding to drill a new borehole and replace the old steel pipes, toilets tubs and entire sanitation system at mumbezhi Holy Family. We are thrilled to report that the project has been completed, and the impact has been remarkable.

The new borehole has ensured a reliable and clean water supply, benefitting over 10,000 community members. The upgraded sanitation facilities have significantly improved the overall appearance and hygiene of the facility creating a healthier environment for users.

The project has also had a positive impact on the surrounding community, enhancing the overall aesthetic and promoting a sense of pride among residents. We are grateful for your support in making this initiative possible.

Please find attached a detailed report with photos showcasing the improvements.

Thank you again for your generosity and commitment to improving the lives of our community members.

We wish to express our sincere gratitude to the Beit Trust for your generous funding of the water system reticulation and borehole drilling. Your steadfast support has been instrumental in providing the facility and community with safe and reliable water services.
